Game Suspension and Termination

The health and safety of players and spectators always takes precedence over other considerations in youth soccer matches. With this in mind, the coaches and the referee must cooperatively share the responsibility for decisions involving weather-related safety. The referee however, has the final decision regarding the safety of the field and goals.

Thunder & Lightning 30-Minute Rule

Lightning is considered to be dangerous WHEN THUNDER CAN BE HEARD – the FLASH of LIGHTNING IS NOT NECESSARY. When that occurs, the game must be suspended, and the teams must leave the field and seek safe shelter. The game may not be restarted until 30 minutes after the last thunder or lightning. If the match is terminated before the start of the second half, the match may be rescheduled. If the match is terminated after the start of the second half, the match is considered completed and may not be rescheduled.

If thunder or lightning prevents the start of the contest, the referee and coaches may decide to delay the start or to cancel and reschedule the match. In the event that the first game of an evening double-header is stopped for lightning, that game is terminated, and the second game may begin only after the 30 Minute Rule has been observed

Cautions, Ejections and Misconduct

Each club shall be responsible for the discipline of their respective players, coaches and spectators. Coaches will be held responsible for their own conduct and the conduct of their assistant coaches, players and spectators. Any coach or spectator who is dismissed from the playing field shall have their names turned in to referee assignor. The referee will not restart the match until after the dismissed person leaves the field; out of sight and out of sound.

A player receiving a yellow card caution shall be sent off the field, and may be replaced by a substitution – or the team may play short-handed. A goalkeeper receiving a caution must leave the field, and a new goalkeeper must be designated. Any cautioned player can return to play at the next regular substitution opportunity.

Any player receiving a red card ejection shall not be replaced, and the team must play short-handed the remainder of the match. In case of a goalkeeper ejection, a new goalkeeper must be designated, and the team plays 'short' of field players. The coach shall be responsible for reporting to their respective associations the names of any players, that have been ejected and or received a YELLOW or RED card, or coach or spectator that has been dismissed from the field of play.

End of the Match

At the end of the match both coaches will have their players line up on the field and shake hands with the other team. Coaches should set an example by shaking hands with each other and the referee.
